EDUCATION

1991–1995 Anglican Church of Grammar School, Australia

1996–2001 School of Medicine, University of Tasmania, Australia

2006–2010 Graduate School of Medicine, Juntendo University, Japan

Born in Australia and currently resides in Japan. Physician and clinical researcher registered with the Medical Board of Australia. After graduating from the University of Tasmania School of Medicine in Australia, received training in the internal medicine and other departments of the Royal Brisbane and Women's Hospital in Australia, and then began conducting medical research in Japan. Became a Visiting Research Fellow at the Keio University School of Medicine after obtaining a Ph.D. from the Juntendo University Graduate School of Medicine in Japan. Has published numerous papers as a clinician in the fields of dermatology, immunology/allergies, and regenerative medicine. Has been involved in reviewing/editing medical papers as a medical expert for around 20 years. Advises pharmaceutical companies on the scientific appropriateness and consistency of new drug approval applications, and reviews/edits clinical papers of university hospitals. Has reviewed/edited more than 500 medical research papers and case studies.
